President's Message

Goodness me. The first two months of the year have come and gone so quickly! It is hard to believe that we are already in the month of March. The month of March brings great joy to me as it brings two important events – the March break for my kids and the Muktads followed by Navroz.

Despite our progressive past, there are anxieties about our community's survival. I would request members of the community to encourage our Zoroastrian youth to get more active within the community. The religious and social activities that we conduct at OZCF, keep us connected to our customs and practices, the Place of Worship, which will soon stand tall on the OZCF grounds will enable our future generations to be in sync with our religion.

The fundraising committee had its first draw of the OLG Raffle sweepstakes for the iPad Mini on Feb 28 during a melodious musical night. The next draw will be held on March 21 at our Navroz function and the prize is a Canon SLR Digital Camera.

Our membership database is being upgraded to facilitate better information retrieval. To keep our member database updated our membership committee will conduct a telephone drive to all our members during the month of March. Membership renewals are encouraged to be registered online for ease of update and input of information. Online applications would qualify you to win one of the three \$100 gas cards. The prize winners will be announced at the Navroze event on March 21.

The Religion and Lectures Committee organized the first of the “Fire side chats” on the subject “Zarathushti Rituals and their Significance”. The 3-hour session was free flowing and relaxed. Members will be updated on the next session to be held in April.

I would like to welcome Rayomand (Ray) Patel on the Newsletter team. Ray brings new ideas to the team. The OZCF Board and the Newsletter Committee are committed to deliver six issues annually, during the months of January, March, May, July, September and November. To streamline the process, any and all information that members would like to have in the newsletter, be sent only to Meher Panthaky, and not to the newsletter committee. In our efforts to go green and save on postage we encourage members to opt for email copy instead of the printed copy. Please send your request to Meher Panthaky or Shirin Chaturvedi.

This year the Navroze function on March 21 will be held at the OZCF hall. Seating is limited so please contact the Entertainment Committee Chair, Mahveer Javat for your tickets.

With good thoughts, good words and good deeds.

PRIEST CORNER
AHUNA VAIRYA (YATHA AHU VAIRYO) PRAYER
(By Mobedyar Khushroo Mirza)

During the Iranian revolution an Irani friend of ours had been imprisoned in Teheran while she was pregnant with her first child. At the same time there was another lady in prison with an infant baby. This little infant was always crying, and our friend realized that the crying was due to lack of nourishment. While she was in prison, our friend's family used to send her a care package whenever permitted, so that she could be adequately nourished during her pregnancy. Our friend decided that the young mother's need was greater than her own since that poor woman already had an infant to feed, so she decided to give away her own food to this other woman so that her baby could receive better nourishment.

This is the Ahuna Vairya (or Yatha Ahu Vairyo) prayer in action, i.e. helping the needy when they are in need of our help. I give you this example in order to demonstrate that the Yatha Ahu Vairyo prayer encapsulates the essence of Asho Zarathushtra's teachings.

A large part of the doctrinal aspects of Zarathushti life is very aptly summed up by Professor Irach Taraporewala in his book "The Divine Songs of Zarathushtra" where he discusses the Ahuna Vairya (**Yatha Ahu Vairyo**) prayer, he says: "This sacred verse clearly indicates the Three Paths to God – **the Path of Knowledge, the Path of Love and the Path of Service.**"

In order to understand this statement, let us look at the meaning of the prayer as given by Prof. Taraporewala:

"Just as the Temporal lord is all-powerful, so also is the Spiritual Teacher (as powerful) by virtue of his store of Asha (Truth). The gift of Vohu Mano (the good mind) is bestowed upon him who works for Ahura Mazda, and the Kshathra (power) of Ahura Mazda descends upon him who helps the poor and needy."

So what does this mean in plain English ?

In simple language, this means that a spiritual teacher, or in fact any person, who follows the path of Asha or **the Divine vision or plan of Ahura Mazda**, is just as powerful as a king or ruler. **This symbolizes the path of knowledge.** Ahura Mazda showers the rewards of **Good Thinking** (or peace of mind) upon those who serve Him with their good deeds, and He empowers people who help their needy fellowmen, with His Kshathra or **creative energy. These are the paths of Love and Service.**

The important thing to remember here is that we help those who need help **when they most need it**, and not just when we find it convenient to us.

That is the true Zarathushti way of living.

REPORT FROM THE RELIGION AND LECTURE COMMITTEE-FEB. 2015

The first of the "fire side chats" organised by the lecture committee was hosted by Gulrukh and Cawas Patel, and was led by Khushroo Mirza. The group consisted of 18 people who sat in a circle, which facilitated an easy flow of discussion.

The subject chosen for this first meeting was "Zarathushti Rituals and their Significance".

From the onset Khushroo established the fact that the information presented was from his readings and not his personal opinions and feelings. The 4 main scholars researched were Ervad Sir Jivanji Modi, Dr. Mary Boyce, Ervad Dr. Ramiyar Karanjia and Mr. T.R. Sethna, however many others were referenced as well during the afternoon.

Initially the meaning of the word rituals and their importance in our daily lives was discussed. The definition of the word was taken from the Oxford Dictionary. Since it was a very informal setting participants felt comfortable to interrupt with questions or ask for clarifications.

The ritual of performing the kushti prayers (why do we make the 2 loops) and the meaning of some of their words, the significance of the sase and some of the rituals performed during our jashans, some of the rituals performed during the death ceremonies etc.were also discussed.

Since the session was free flowing and relaxed it lasted for 3 hours. At the end people wrote down their requests for future topics for discussions. It was established that these group discussions would be held every 2 months at the ZRCC hall and be duly advertised.

Once again thanks to the hosts for facilitating this event.

AFTERNOON TEA FUNDRAISER

A tea party was held at Kermin & Marzi Byramjee's residence in Oakville. The 42 people who attended the tea party were all seated at tables and served tea, sandwiches, savoury éclairs, pastries, cakes and scones with clotted cream and strawberry jam. All the delicious treats were prepared by volunteers and a big thank you goes to Niloufer Mavalvala, Shirin Wania, Thrity Pfeutzner, Veera Mistry, Gulrukh Patel, Kamal Driver, Marook Sidhwa, Armaity Anandasagar, Thrity Madon and Kermin Byramjee.

The afternoon ended with a game of Bingo, and the winner Perveen Khursigara won a cheeseboard that was hand made by Xerxes Wania.

Thank you all for coming out and making it a successful fundraising endeavour, we raised just under \$1,300.

VIRTUES OF LIFE BY: ARISH D. PANTHAKY

When time is not easy to go by,
Think of fond memories but don't you sigh,
Don't think of the past and sit to cry,
Do the things of good virtues so you are remembered even after you die...!!

At times you may think certain things are easy to do,
But in the end you are still left baffled without any clue,
Take each step carefully each time,
Learn from your mistakes and mature like old wine...!!

Life is a queer with its twist and turns,
There is something life always make you learn,
Surely be flexible; but don't be stern,
Then you will understand the true value of a dollar earned...!!

It is our expressive lifestyle which helps us to pave our way,
The stone we lay on will have our final say,
Till then work harder each day; to make the other's feel gay in any which way,
And then wait and see what the others would have to say....!!

FIRST SWEEPSTAKES DRAW & MUSIC NIGHT

OZCF held its first sweepstakes draw on Saturday, February 28, 2015 during an Indian Music Night. The event was a complete sell out with everyone enjoying the live singing and "Curry Chaval". The raffle was drawn by Bejan & Dinoo Sidhwa at 9pm and broadcast live. The winning ticket number 2015A-0887 belonged to Katy Mistry from Sudbury. Congratulations to Katy Mistry for winning the iPad Mini. The beautiful handcrafted ticket drum was made by one of our members Xerxes Wania.

A big thank you to Sammy Divecha and Dinaz Hira for serenading the audience throughout the evening with their fabulous singing. The community got a surprise as Dinaz's daughter, Tasha, sang a couple of solo numbers and duets with her mother. OZCF events are all organized by volunteers who work tirelessly for days before the event. So also for this event, our members worked hours before as well as through the evening to make the event successful. The evening ended past midnight and our crew helped to clean up and set up for next day.

We would like to thank everyone who has purchased Raffle tickets to date, and would like to encourage you to continue to support your community and buy more raffle tickets. The next raffle draw is on March 21 at the Navroze Celebration and the prize is a Canon SLR Camera.
