PRESIDENT'S MESSAGE

The first 2 months of the year went by quickly. While events at the ZRCC have slowed down due to ongoing construction, the Board and Committees remain very active working in the background keeping the entire operation going.

The seniors continue to meet online every Wednesday for a Zumba exercise session. Scouts and Religion Class are the only activities taking place at the property. I sincerely thank all the parents for dropping off their children and returning to pick them up, allowing the few parking spots that are available to be used by the volunteers conducting those sessions. Wanting to invest in our future leaders, we contributed \$300 to the 100 Toronto Zoroastrian Scouts Group Jamboree Fundraising Campaign from our General Fund.

The construction of the Place of Worship is coming along nicely as it remains ahead of schedule under the tight supervision of the Place of Worship Advisory Committee (PWAC). Please read on for the accompanying update from the PWAC Chair Phil Sidhwa.

For the past few weeks, work has been ongoing on our parking lot allowing minimal usage of the property. However, I am pleased to report that the Religious and Lectures Committee and the PWAC have coordinated with the contractor to move equipment away from the parking lot during the upcoming Fasli Mukhtad days and Navroze celebrations to allow the community to congregate. Details of prayers and Jashan are in the following pages.

Navroze Mubarak in advance.

PLACE OF WORSHIP CONSTRUCTION REPORT

As you have no doubt seen, construction is progressing well and the building is shaping up into the magnificent structure we can all be proud of. What is amazing is the global interest in the construction, with almost 40,000 hits on the website at time of publishing. Publications around the world are talking about our project and it is being viewed on social media.

As we enter the next phase of construction, we urgently need your help to complete the work. You recently received a “Funds for Faith” donation plea and form. If 170 families donate \$6,000 each, or \$2,000/year, we would meet our million dollar goal. After tax credits, you will actually pay only \$1,238/year, or \$3,714 over three years. As we all agreed with enthusiasm to move forward at our EGM, let’s make this happen so that we don’t have to borrow money at such high interest rates. Please visit the website or call us to make a donation of any amount.

Here is a brief progress update and our schedule for the next month. Some pictures are attached. A construction schedule for the next period is in the table below:

One of the largest components of the construction being the masonry structure, is now complete. The next big task is the structural steel placement for basement and roof. By mid-March this will be completed and the roof will then be installed to enclose the building. In May the ground inside will be levelled, plumbing pipes installed and floors will be poured with concrete. Exterior finishing will start in early May. Our contractor and architect are in discussions with Oakville Hydro and our electrical engineers on installation of our new electrical service and transformer. This will be completed after all the underground piping and stormwater pond is installed to ensure no interference with in-ground wiring.

In early February the water line from the fire pond to the new hydrant was installed underground. Soon the firepond will be drained and extended with a new liner. We will advise the community of timing as fire regulations prevent us occupying the property at all during that time, with no emergency water available.

Installation of the extensive underground stormwater system commenced in mid-February with placing of various catch basins and pipes leading to the stormwater retention pond. This involves digging the ground, placing gravel and laying water pipes accurately with proper slopes. Pipes are then insulated completely to prevent freezing and covered with gravel. Surveys are done for placement of each catch basin and pipeline to ensure proper location and depths for effective drainage of the parking lot and site. We have rearranged schedules to try and complete the stormwater works to accommodate Muktaad and Navroze celebrations in mid-March. Hopefully the weather co-operates to enable us to grade the parking lot in time.

The drinking water tank will be removed and a new one installed at a surveyed location behind the house. The old water tank has shown weakness and is unacceptable. During this period for a few days there will be no water in the hall or house. We will inform the membership of timing. In order to save future costs, we are considering building the floor for the priest residence now instead of waiting until future occupation, as installation at that time would incur greater cost due to tearing down ceilings, wiring and plumbing on the main floor. We will analyze costs and determine whether it can be done now.

The construction team is in daily meetings and communications to ensure that plans are being followed and all specifications are in compliance, with regular inspections by the town, engineers and architect.

We thank the membership for your patience during construction and for coping with the inconvenience. We will keep you updated of progress and in the meanwhile should you have any questions, please contact us. We thank the membership for their generosity to date and call on you again for this last push to fulfil our dream.

May Ahura Mazda always bless our community.

On behalf of PWAC.

Phil Sidhwa, Chair

SPORTS COMMITTEE

The Sports Committee have had to revisit the programs that were planned for the early months of 2024 due to the construction of the Place of Worship. With that being said, we are looking into sustainable options of holding some sporting activities outside of the ZRCC facility until adequate opportunities arise at the ZRCC during the various construction phases. Stay tuned.

FIRDAUS KHARAS ORDER OF CANADA RECIPIENT

The OZCF is proud to recognize Firdaus Kharas who was recently appointed an Officer of the Order of Canada. Bestowed with our country's highest civilian honour is quite the achievement indeed, and most deserving as Firdaus has positively impacted the lives of so many through social change via media.

Read on and discover why being a recipient of the Order of Canada is a sense of immense pride and importance to Firdaus. You can also read the Parsi Khabar article highlighting Firdaus's achievement via the following link:

<https://parsikhabar.net/news/firdaus-kharas-appointed-officer-of-the-order-of-canada/28460/>

On behalf of OZCF and all our members, congratulations Firdaus!

Why the Order of Canada is so important to me

By Firdaus Kharas, OC

I got emotional when I received a call from the office of Canada's Governor-General informing me that I had been appointed an Officer of the Order of Canada because I felt so incredibly honoured and humbled by the appointment. This high recognition means a great deal to me and I am deeply appreciative. It is truly a privilege to be counted among the remarkable individuals who have received this recognition in the past.

Every country is not just a geographical area but a living embodiment of the values that define a nation and its people. While no country is perfect, Canada is proof that in a world often fraught with division and violence there is at least one place that exhibits an adherence to our shared responsibility to care for each other.

My journey from a tiny ethnic community in India called Parsis to this prestigious appointment is an example of the values we cherish as Canadians. In Canada there are no outsiders and anyone can receive its highest honour. In the complex tapestry of countries that make up our world Canada stands as a beacon of diversity and inclusion as we weave together threads of Indigenous heritage and immigrant dreams.

For me, receiving the Order of Canada is not just a personal achievement but a recognition of the collective efforts and contributions of countless individuals who have supported and inspired me. I am sincerely and deeply grateful to each of them.

I share this recognition with my family, friends, mentors, colleagues, and the community at large in Canada and around the world for their generous and active support, encouragement, and guidance. This honour would not have been possible without their collaborative spirit and their collective will to make a positive impact on society.

There are many obstacles and barriers to overcome as an individual trying to make a difference. The paths of pioneers and social activists are not easy. As an Officer of the Order of Canada I feel inspired and encouraged to continue to contribute meaningfully to the betterment of our nation and the world through the creation of media for social change.

Serving Investors with Care and Excellence

Whether you are a new immigrant or a Canadian Citizen, you need to make sure that your money is going to outlive you. Today, many individuals and families are facing financial hardships because they are receiving improper guidance from their family, friends or financial advisors. It is therefore best to have an Investment Advisor who does not recommend/promote their own company products nor affiliated with a bank. You need an advisor who has your best interest at heart and provides an unbiased recommendation of investments which would grow your capital, without taking high risk. For the past 22 years, I have been helping many individuals and families with unbiased personalized financial solutions & guidance for having a better financial future.

LIVE THE PRAYER PROJECT

On a cold day in December 2023, the OZCF warmly hosted the Live the Prayer Project (LPP) in a joint annual event held by the ZSO Religion Classes from the East and West end. The idea for the LPP which has been running for at least 3 decades now, was inspired by the last line of the Yatha Ahu Vairyo prayer which states that it is our duty to help others in need.

This event is an opportunity for Religion Class students to bring the prayer to life. The idea is that there are many ways in which we can help others, money being one way, but we can also help others by doing things to show we care. In a world where we increasingly observe people being pushed into poverty, human rights violations and suffering, this special event is a reminder that Zarathushtra brought us many teachings from Ahura Mazda, including to look out for others, even if we don't know them personally.

Towards this goal, the children are encouraged to help their parents in preparing a dish (preferably somewhat traditional), then selling it at the event, and all the monies collected are given to charities (both locally, and to Zoroastrians in India).

This year, the event began with an engaging demonstration of the Atash Nu Parabh led by Freddy Mirza and Khurshid Engineer. It was followed by a food sale, where food prepared by the students and their families was sold to members of the community in order to raise money for charities. From end to end, the OZCF hall was filled with the most delicious food for people to buy, including Dhansak, Chutney Sandwiches, Bhel, Kebabs of all sorts and much more, with Ravo, Sev and Dahi to round out the selection with something sweet. The event was a delicious success as always!

The participation of all the students and families is greatly appreciated, and we hope to see you all and many more, next year.

The Religion Classes provide a unique opportunity for our community's children to build relationships with each other and to learn about the Zoroastrian worldview and its traditions. Our goal is to promote an understanding of the religion and to foster a sense of Zoroastrian identity among our students.

For any questions, please email the Children's Religious Committee at crc@zso.org
